Information About the Lodges

Earth Lodge is a transformational family camp dedicated to self-discovery, connection to nature & rites of passage. This is an opportunity to move towards personal evolution in a fun way, enjoying the togetherness of being with family and community.

KIDS LODGE

The Kids Lodge is open to all children aged 4-12. Children under the age of 4 may participate under the care and responsibility of an adult who will be integrated in to lodge activities. Children may not be taken to adult teachings or ceremonies with the parent.

Due to the developmental differences between the older and younger kids, Kids Lodge activities will be tailored to the age of the participants. The 9-12 year olds will have activities unique to their age & stage.

The presence of the parents is key:

- On the opening day of the event, the children's parents will attend a meeting with the lodge leaders to clarify agreements for children's care
- Another important moment will take place at the closing of Earth Lodge during the final meeting with the children, where the parents will have the opportunity to hear directly from their children about what they have experienced, learn about what they have learned and celebrate their victories.

The family may be contacted by the staff in case further information is needed following registration.

TEENS LODGE

The Teens Lodge is open to boys and girls from puberty to 17 years of age. It is very important that parents communicate their children's ages at the time of registration so that we can determine which lodge they will be assigned to. The family may be contacted by the staff in case further information is needed to complete the registration.

The presence of the parents is key:

- On the opening day of the event, the children's parents are invited to attend a meeting with the teachers.
- The participation of parents in the Earth Lodge is essential, so that they can be present in the process of change and transformation of their children and be active in specific ceremonies in which they will be involved with the children.
- Another important moment will take place at the closing of the Earth Lodge during the final meeting with the children, where the parents will have the opportunity to hear directly from their children about what they have experienced, learn about what they have learned and celebrate their victories.

Please note:

- Teenagers in the Teen Lodge will have an area of the camp dedicated to them, so they must have their own tent.
- In order to ensure that recreational time is conducted safely, during meal breaks ALL parents will take care of their children, as those in charge of the lodges will be busy with other activities.

ADULTS LODGE

The adult group is open to anyone 18 years of age or older. Adults will receive teachings and have the opportunity to experience deep personal experiences, including Rites of Passage: powerful ceremonies with the purpose of integrating the process of change and evolution, in natural alignment with the Cycles of Life.
